PROFESSIONAL SUMMARY

Full-stack developer with hands-on experience in web and mobile development, AI-powered applications, and automation. Skilled in turning requirements into practical features, building end-to-end solutions with modern technologies, and collaborating effectively across teams to deliver reliable products.

PRACTICAL EXPERIENCE

IHouzz.com (BLUEMARQ GROUP)

Jan 2025 – Dec 2025

Front-end Developer

- Built and maintained reusable UI components across multiple key features using Vue.js/Nuxt.js, delivering responsive and consistent user interfaces.
- Integrated multiple REST API endpoints with frontend features, ensuring reliable data flow and smooth collaboration with backend developers.
- Developed an AI-powered content generation workflow with n8n, automating repetitive content tasks and reducing manual content creation effort.
- Collaborated with backend and UI/UX teams to deliver multiple end-to-end features, translating requirements and designs into functional user experiences.

FEATURED PROJECTS

AI Career Orientation Platform (Edumee.me)

Dec 2025 – Aug 2026

Leader / Full - stack

- Defined product vision and 10+ core features, designing end-to-end user flows for AI-powered career guidance, mentor matching, and community interaction.
- Conducted 300+ user interviews/surveys and market research, translating findings into product requirements and system architecture.
- Built the MVP with Nuxt.js and NestJS, delivering AI-powered career recommendations and mentor matching for 130+ test users.
- Presented product demos and roadmaps to stakeholders, aligning AI capabilities, user needs, and business objectives throughout product development.

Truong Thanh — Education Management System

Jul 2025 – Present

Leader / Full-stack

- Led a team of 8 members to develop an education management system with 5+ core modules for a training center.
- Designed 5+ business workflows and system processes to streamline key training-center operations.
- Developed web and mobile applications using Next.js, NestJS, and React Native, delivering 20+ core features.

TECHNICAL SKILLS
